Shanghai New International Expo Centre (SNIEC)

MTM
MTM EXPO 2024

The preferred promotion platform for refractory industry in Asia

The 11th Shanghai International Refractories Exhibition will be held in Shanghai New International Expo Center from **December 18 to 20, 2024**, which is jointly organized by The Association of China Refractories Industry, Allied China Chamber of Commerce for Metallurgical Enterprises, Bao-steel Group and Shanghai Shenshi Exhibition Service Co.

After years of development, Shanghai International Refractories Exhibition has gradually become one of the most influential steel industry events in China. With the help of the mature platform of MTM EXPO held at the same time, it will attract more important buyers on-site.

Purpose of the visit

Visitors' Job Role

These exhibitors will be back in 2024

The last exhibition attracted Ruitech Technology, Hebei Guoliang, Zhejiang Zili, Red Eagle Group, Kerneos, SANHUA, Yuxing, and many other refractory raw materials, products and equipment enterprises, with a positive market attitude to display new products, new technologies and new applications.

10+ popular concurrent forums focus on industry trends

Green Energy and Low-Carbon

Carbon-neutral Production

Intelligent Manufacturing

- The 4th China Refractories Development Forum
- 2024 Steel Industry Ecological Development Forum
- The 5th Development and Application of Steel Tube Industry Conference (DASTIC)

In 2024, MTM organizing committee will organize a number of overseas exhibitions in Indonesia, Mexico, Dubai and other locations, which will bring more global players, new and innovative companies to come together for face-to-face meetings in Shanghai.

It will attract more than **30,000** professional visitors to join (28,675 visitors in 2023).

MTM EXPO 2024 establishes in-depth cooperation with more than **200** industry media to promote by multi-channels such as websites, magazines, Wechat, Tiktok, etc. and opens a new mode of live broadcasting.

It will interview with enterprises & concurrent forums, which is expected to be participated by more than **100,000** people on-line and deepen the influence of the expo.

Previous Exhibition On-site

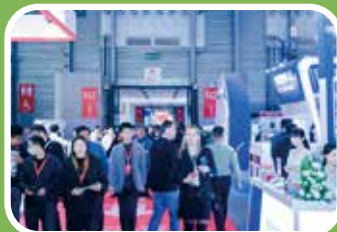

Exhibit Profile

1. Metallurgy Foundry and Metal Industry Pavilion:

- Refractory materials for Iron and steel, non-ferrous metal industry, casting, forging, heat treatment.
- Ultra-high temperature technology and products; refractory manufacturing, recycling technology.
- Raw materials, additives, auxiliary materials for refractory and industrial ceramics manufacturing.
- Various industrial furnaces and heat treatment furnaces, highly efficient energy-saving industrial furnaces.
- Burners, temperature control systems, heating elements, thermal insulation; latest environmental protection equipment and technology; product quality control, testing instruments.
